Freshly made gelato by XTC

We make our premium gelato and sorbetto every day right here in Hong Kong using only the finest imported ingredients.

Our vanilla beans are from a tropical plantation that we know and trust ☺ our pistachios come from Italy then we roast and grind them. ☺ our chocolate is the best Valrhona from France ☺ our fresh mangoes come direct from farms in the Philippines.

We make an all natural product. It contains no nasty things, such as chemicals, colours, preservatives or artificial flavourings.

All flavours are \$70 for a 473ml tub and including an XTC insulated bag

SPECIAL SERVICE....We can hand pack flavours on display that are not listed
For this service Please allow time for packing & freezing before collection
